The Alpine Hideaway for Generations to come since 1912

Portrait of Suvretta House
Founder Anton Bon

Im Jahr 1911 hatte der Hotelpionier Anton Sebastian Bon eine Vision: Er träumte von einem aussergewöhnlichen Grand Hotel in den Bergen, einem luxuriösen Resort der Extraklasse. Zusammen mit dem Schweizer Architekten Karl Koller setzte er seine Vision in die Tat um. Das Grand Hotel Suvretta House wurde am 16. Dezember 1912 als wahres Traumschloss eröffnet. Seit mehr als 100 Jahren lassen sich die Nachkommen von diesem Pionier-Geist inspirieren, sodass das Suvretta House heute wie damals von der Familie Candrian-Bon behutsam in die Zukunft geführt wird. Sieben Generationen von Hoteliers haben das Suvretta House seitdem geführt & gemeinsam mit den MitarbeiterInnen setzen sie alles daran, jedem unserer Gäste ein «home away from home» zu schaffen. Wir freuen uns sehr, Sie im Suvretta House willkommen zu heissen.

In 1911, hotel pioneer Anton Sebastian Bon had a vision: he dreamed of an extraordinary Grand Hotel in the mountains, a luxurious resort in a class of its own. Together with the well-known Swiss architect Karl Koller, he turned his vision into reality, and the Grand Hotel Suvretta House opened on 16th December 1912 surrounded by glittering fresh snow as a true dream castle. For more than 100 years, the descendants have been inspired by this pioneering spirit, so that today, as then, the Suvretta House is carefully guided into the future by the Candrian-Bon family. Seven generations of hoteliers have managed the Suvretta House since then & together with our staff they do their utmost to create a "home away from home" for each of our guests. We are delighted to welcoming you at Suvretta House.
